

The College Assistance Migrant Program (CAMP), through a contract with the Oregon Department of Education - Migrant Education Program, is providing the 30th annual Oregon Migrant Leadership Institute (OMLI) for migrant high school students from throughout the state.

Migrant students are selected through an application process from around the state. Local migrant regions select candidates who have demonstrated strong leadership potential in their communities. The Oregon Migrant Summer programs will bring around 150 students to OSU.

*"If a leader cannot give it all,
he cannot expect his
people to give anything."
Cesar Chavez*

Migrant Leadership Institute

The objective of OMLI is to provide leadership skills in Oregon's school migrant students as well as to expose and familiarize them with the college environment to strengthen the belief that college is a reality for them. This is an opportunity for migrant students to interact with other students, faculty, and staff to enhance and perhaps open new horizons to the student's future. Through this experience, students will return to their schools prepared to participate in leadership activities.

SESSION DATES

July 7-12, 2024 **OMLI 1**

July 14-19, 2024 **OMLI 2**

July 21-26, 2024 **Engineering & Agriculture**

Check in Sunday by 10:00 am
Check out Friday by 10:00 am*

Agriculture Summer Institute

The Agriculture Summer Institute, is a program designed to engage migrant and other high school students and promote careers in agriculture, natural resources and other related STEM disciplines.

MANRRS (Minorities in Agriculture, Natural Resources and Related Sciences) is a national, non-profit organization. It is our goal to provide support to become productive citizens by engaging students in leadership development activities, educational opportunities, job readiness training, and facilitating internship placement and permanent employment, with special emphasis in career areas experiencing shortages of trained personnel and with higher wages in food, natural resources, human health and nutrition and related STEM sciences.

ACCOMMODATIONS

Housing: OSU Residence Halls

Meals: OSU Dining Center

Other Facilities: MU Basement, Challenge Course, other OSU facilities, classrooms, and outdoor natural areas

Engineering Summer Institute

The Engineering Summer Institute is designed to engage migrant high school students and promote careers in engineering. The program will expose students to the many different fields within the engineering discipline through fun lectures, hands-on activities, and contact with current engineering students, engineering alumni, and corporate partners. Camp will include programming activities presented by engineering faculty and current engineering graduate students from the College of Engineering (COE) in the following fields: Civil and Construction Engineering, Chemical, Biological, and Environmental Engineering, Electrical Engineering and Computer Science Mechanical, Industrial, and Manufacturing Engineering, Nuclear Science and Engineering.

Instituto de Liderazgo

El propósito del Instituto es desarrollar habilidades de liderazgo en la juventud migrante de Oregón además de exponerlos y familiarizarlos con el ambiente universitario para reforzar la idea que la Universidad es una realidad para ellos. Esta es una oportunidad para que la juventud migrante se integre con otros estudiantes, facultad, y personal para mejorar y quizás abrir nuevos horizontes en sus futuros. A través de esta experiencia, los estudiantes regresarán a sus escuelas preparados para participar en actividades de liderazgo

Instituto de Agricultura

El Instituto de Agricultura es un programa diseñado para involucrar a estudiantes migrantes de secundaria y promover carreras en agricultura, recursos naturales y otras disciplinas.

MANRRS (Minorías en Agricultura, Recursos Naturales y Ciencias Relacionadas) es una organización nacional sin fines de lucro. Nuestro objetivo es brindar apoyo para convertirse en ciudadanos productivos involucrándolos en actividades de desarrollo de liderazgo, oportunidades educativas, capacitación laboral y facilitando la colocación de pasantías y el empleo permanente, con especial énfasis en áreas profesionales que experimentan escasez de personal capacitado y salarios más altos en alimentos, recursos naturales, salud humana y nutrición y ciencias STEM relacionadas.

ACOMODACIONES

Hospedaje: Vivienda de OSU

Comida: Comedor de OSU

Otros: MU Basement, Challenge Course,
Otras instalaciones de OSU, aulas, y áreas naturales

Instituto de Ingeniería

El Instituto de Ingeniería está diseñado para involucrar a estudiantes de secundaria migrantes y promover carreras en ingeniería. El programa expondrá a los estudiantes a las diferentes disciplinas de la ingeniería a través de conferencias divertidas, actividades prácticas y contacto con estudiantes de ingeniería actuales, ex alumnos de ingeniería y socios corporativos.

El campamento incluirá actividades de programación presentadas por la facultad de ingeniería y los estudiantes graduados de ingeniería actuales de la Facultad de Ingeniería.
