The College Assistance Migrant Program (CAMP), through a contract with the Oregon Department of Education - Migrant Education Program, is providing the 28th annual Oregon Migrant Leadership Institute (OMLI) for migrant high-school students from throughout the state.

Migrant students are selected through an application process from around the state. Local migrant regions select candidates who have demonstrated strong leadership potential in their communities and must be preparing to enter the 10th, 11th, or 12th grade in the Fall of 2020. OMLI will bring around 250 students to the OSU.

"If a leader cannot give it all, he cannot expect his people to give anything."  
Cesar Chavez

Application Process
1. Students complete entire application form
2. Local school/district/region review and select participants
3. Regions submit selected applications to OSU CAMP

(ONLY Section 1 of application is submitted: Personal Data, Emergency Information, Medical Information and Releases, and Challenge Course Waiver)

Contact your local school district’s Migrant Education Office OR
Application can be downloaded from our website: camp.oregonstate.edu/omliapplication

Deadline: Friday, April 10, 2020
The objective of OMLI is to provide leadership skills in Oregon's school migrant students as well as to expose and familiarize them with the college environment to strengthen the belief that college is a reality for them. This is an opportunity for migrant students to interact with other students, faculty, and staff to enhance and perhaps open new horizons to the student's future. Through this experience, students will return to their schools prepared to participate in leadership activities.

Activities
- Intense physical and intellectual work Seminars and workshops
- Team-building & high ropes course
- field trip to Newport
- Hatfield Marine Science Center and Aquarium
- Large & small group discussion
- Preparation for higher educational opportunities
- College & Scholarship fair
- Scholarship curriculum
- Technology piece to document experience

Environmental Leadership for Youth Summer Camp

ELY Activities:
- Float down the Willamette River
- Explore science labs and projects
- Hiking and field trips to natural areas
- Estuary boat tour at Newport
- Meet environmental professionals
- Learn about careers and pathways to college
- River snorkeling with wetsuits

Explore nature, environmental science and careers!

Participants will learn about the local environment, environmental organizations and careers, and get a first-hand experience in the environmental science labs at OSU. Youth will learn about fish and wildlife and the habitats they depend upon, while getting to know college professors and OSU graduate students currently working on campus. We'll also go on some amazing field trips!!

Questions about the ELY summer camp?
